

USE OF THE INTERNET: HOME-SCHOOL AGREEMENT (PARENT'S COPY)

- All children are expected to read and agree the Internet Agreement and to be responsible for their own behaviour on the Internet, just as they are anywhere else in school. This includes materials they choose to access, and language they use.
- I will not browse, download, upload or forward material that could be considered, by the school, to be offensive or illegal. If I accidentally come across any such material I will report it immediately to a teacher.
- Whilst online, I will not tell anyone any personal information such as my name, phone number and address or give out information about anyone else. I will not arrange to meet someone I make contact with online unless this is part of a school project and approved by my teacher.
- I will make sure that all ICT communications with students, teachers or others are responsible, sensible and polite.
- I will be responsible for my behaviour when using the Internet. This includes resources I access and the language I use.
- I will ensure that my online activity, both in school and outside school, will not cause my school, the staff, students or others distress or bring the school into disrepute.
- I will respect the privacy and ownership of others' work on-line at all times.
- I will not attempt to bypass the internet filtering system.
- I will not attempt to use my mobile phone or digital music player in an ICT suite.
- I will not download or attempt to install software on school equipment.
- Homework completed at home may be brought in on a memory stick but this will have to be virus scanned by the class teacher before use.
- I will only log on to the school network with my own user name and password.
- I will not reveal my user name or password to anyone.
- I understand that these rules are designed to keep me and all members of St Margaret's Primary School safe and that if they are not followed, school sanctions will be applied and my parent/carer may be contacted.
