

Ticklemetoo Breakfast, After School & Holiday Club is an independently Ofsted registered playwork setting based within St. Margaret's in Angmering. We facilitate both St. Margaret's & St. Wilfrid's schools.

We provide a safe environment that supports risk and challenge through play. By following the playwork principals and we aim to provide the best setting we can in a progressive and proactive fashion. We have staff qualified in both childcare and playwork disciplines to help ensure that we remain a well-rounded, reflective and balanced setting.

We encourage parents and carers to come in, not only to view the setting, but also to become a part of it by the stay and play policy advocated. We aim to promote play for all children within a socially inclusive community and support them in their exploration and development of play with the goal of empowering them to become positive contributing members of the community at large.

Our daily objective is to provide high play value resources such as cardboard boxes and old electrical equipment that encourages children to develop imagination and their own resourcefulness. We advocate back to basics play and encourage the children to actively engage in freely chosen play, we are also big lovers of the outdoors.

To invent their own creation and to try out their own ideas is a mental necessity for children to develop an intellect that is capable of free thought. In essence quality play is needed for a child's holistic development; this is something we are truly passionate about.

It is our belief the role of the play-worker is to support all children and young people in the creation of a space in which they can play and the play-worker's response to children and young people playing is based on a sound up to date knowledge of the play process, and reflective practices.
