

Year 4 – Thursday 9th July 2020

Hello again, Year Four! Here are your second weekly batch of home learning activities.
Well done for all your effort so far, we hope you will enjoy these!

<u>English</u>	
Reading 	Check out the quizzes on Newsround using this link: https://www.bbc.co.uk/cbbc/quizzes Choose one with a topic of animals or the environment to complete then write down something new which you learnt from the quiz and post onto Google Classroom.
Spelling 	We are now recapping words previously covered. Make sure you know the following by practicing spelling eight words from the Year 3 and 4 required spelling list! (LOOK, COVER WRITE, CHECK) repeat across the page. <i>You can find these words on our website or by typing in 'Year three and Four Spellings' into Google.</i>
English task 	Letter Writing! This week we will be learning about writing formal letters... Watch this clip before you start! https://www.bbc.co.uk/bitesize/topics/zv7fq3/articles/zkq8hbk You are going to pretend to be a spy and you have important information to write to MI6 about some strange activity going on at the bottom of your garden! You can make it up of course and use your imagination (could be talking pets, fairies, trolls or whatever you like!) <i>Remember, it is an important letter so don't use relaxed language like 'hiya'... also remember to write your address in the top right and the date of your letter!</i>
<u>Maths</u>	
Mental maths 	Go to TTRS to practice your times tables. Play Area Builder on Top Marks to practice your shape skills! https://phet.colorado.edu/sims/html/area-builder/latest/area-builder_en.html
Maths task 	Using last week's 2D shapes (but NOT the circles or triangles – they need a different method) measure the length and width in Centimetres and find the AREA of each shape (CM2 – 'cm squared'). Record your number sentence as a Multiplication sentence to show your workings out. Tip: To find the area of a shape you must Multiply the Length by the Width . Need more help? Use this website to learn more... https://www.mathsisfun.com/geometry/area.html
<u>Other</u>	
Faith and Wonder 	Look at one of the gospels of Matthew, Mark, Luke OR John which are the first four books of the New Testament . Choose one or two special things Jesus did and read about it carefully . E.g in John Ch5 or Mark Ch3 Jesus heals sick people. Now create a newspaper report as if you were there! Remember to make up the name of your newspaper, use large font for your headings and subheadings, include illustrations, the date and cost of your newspaper (30-33AD is realistic!)
Music 	Join Nigel Pilkington and Suki – the ship's monkey – as they set sail in search of buried treasure...and enjoy plenty of songs along the way! Can you learn one of the songs and perform it to family or friends? https://www.bbc.co.uk/teach/school-radio/music-ks1-sun-sea-song-index/zr4x2sg <i>Alternatively, make up your own song about keeping safe in the sun!</i>
PE 	Make up your own sporty game using equipment that you have at home. For example, you could use rolled up socks instead of bean bags and shoes instead of cones. Make sure you have a scoring system (you could even make your own goals using cardboard boxes or chalk some squares onto a space outside). If you want to, film yourself or your family playing and upload it to Google Classrooms so other people can have a go!

Take care everyone and God Bless.

The Year Four Team x
