

Year 3 - Thursday 16th July 2020

Well what can we say, Year 3s! This is your final instalment of Home Learning for the Summer Term.

The Year 3 Teaching Team would just like to say a MASSIVE 'Thank You' for all of your hard work and dedication during Lockdown. It has been a difficult and strange time for us all and you have been so patient with us whilst we got to grips with the new technology. We have absolutely loved seeing your work via email or on Goolge Classroom and feel SO proud of you all.

Don't forget to upload some of your final pieces of work, and anything you get up to over the summer holidays, to Google Classroom or send it to your teacher/s via email. We will of course be checking to see what has been uploaded over the holidays, but won't necessarily be replying as often as we have been - we will be busy in school getting things ready for September! If you fancy something dfferent to do, try one of the Boredom Busters and send us a picture of you doing it if you want!

We wish you a happy and healthy summer holiday and look forward to hopefully seeing you all back in class on 4th September.

Take care everyone.

With love, Mrs Keates, Mrs Bray and Mrs Reene x

English

Reading 	Over the summer, please continue reading. Research shows that children who read over the summer holidays, find it easier when they return to school. Check out your local library where you may be able to order and borrow books from. You can also take part in their Summer Reading Challenge where there are activities you can complete at home https://summerreadingchallenge.org.uk
Spelling 	On Monday we asked you make a list of HOMOPHONES and make a word search. Today, why not try and make a poster with pictures showing different homophones and what the different spellings mean.
English task	Today we would like you to create a Front Cover for your non-fiction book on a plain piece of paper. You will need a title (please don't use the one of the book we have been looking at) and author as well as pictures. Remember to make sure that it is bright and colourful, making it appealing for people to want to read. Upload your finished front covers to Google Classroom, we would love to see them.

Maths

Mental maths 	Play times table rock star OR play Marlon's Magical Maths Mission Multiplication https://mathsframe.co.uk/en/resources/resource/383/Marlons-Magical-Maths-Mission-Multiplication OR make up your own times tables board or card game.
Maths task 	3D shapes - Watch https://vimeo.com/432265088 then try one of these activities: * Complete the worksheet 'recognise and describe 3D shapes' *Go on a 3D shape hunt in the house or while on a walk. How many of each different shape can you find? (see example below) * Play with or create your own 3D top trump cards. Please see example. There is a 3D shape poster to help.

Other

Subject 1: Science

Over the last few lessons we have been finding out about plants. You have thought about uses of plants, named parts of plants and thought about the different functions of parts of the plant. Use this week's lesson to look at BBC Bitesize. There is a section in key stage 2, Science, which has lessons and activities to try. I suggest trying 'why are bees attracted to flowers' -

<https://www.bbc.co.uk/bitesize/topics/zy66fg8/articles/zx4ktv4>

and 'why are plants important' -

<https://www.bbc.co.uk/bitesize/topics/zxfwrmn/articles/zss9msg>

These will help you to find out more and be secure in what you have learned so far.

Subject 2: Music

Lots of you had fun with the guess that song quiz last time so here is another one. Click the link below and see if you can guess the instruments. There are 20 instruments to guess. Have fun! Post your score out of 20 on Google Classroom, I got 17/20!

<https://www.youtube.com/watch?v=tb0gHAzpQPE&safe=true>

PE

The **Virtual Sussex School Games** are still on and it is great seeing so many of you taking part. Maybe you could send us a video of you showing off your skills! The new focus for this week is **OLD SKOOL SPORTS DAY** and the activities will be revealed on the website at 9.30. Go to <https://www.activesussex.org/virtual/> to see what you have got to do. Don't forget to upload your scores by 12pm on Friday.

Boredom Busters

If you fancy something different to do over the holidays, check out our boredom buster ideas!

Google Classroom

If you have not done so already, share some of your work on Google Classroom. If you spot someone else's work that you particularly like, leave them a nice comment about what they have shared.

Have a lovely summer with your families! Take Care and Stay Safe!
