

Year 3 - Tuesday 2nd June 2020

Welcome to another week of Home Learning. We hope that you had an enjoyable Half Term with your family and find some time to relax. Don't forget to upload your work to Google Classroom or send it to your teacher/s via email. We love seeing what you have been up to.

<u>English</u>	
<p>Reading</p> 	<p>Read some of your reading book and write in your reading diary. Thinking about what you have read, write some questions that you could answer. Write your questions and your answers in your red book.</p>
<p>Spelling</p> 	<p>This week, we would like to you think about what happens when you add the prefix 'in' to words. What do you already know about words that begin with 'in'? Can this prefix be added to any word? Have a go at selecting some words that 'in' can be added to and think about what type of words these are. Write them in your red book and then play hangman with them.</p>
<p>English task</p> 	<p>We hope you enjoyed listening to the final part of chapter 2 read by Mrs Keates. If you have not listened to it yet, you can find it on Google Classroom. At the end of chapter 2, this could be a great place to end the story but we know it is not the end as it is only chapter 2 out of 5. What do you think will happen next? Was this a good thing to do with the Iron Man? Why is Hogarth feeling the way he does? Should he feel this way? Why? Why not? What about the Iron Man? What do you think he is feeling? If he comes back, what might he do? Write your answers in a paragraph in your red book.</p>
<u>Maths</u>	
<p>Mental maths</p> 	<p>Play times table rock star</p> <p>OR Marlon's Magical Maths Mission, an awesome platform game which tests your multiplication knowledge. https://mathsframe.co.uk/en/resources/resource/383/Marlons-Magical-Maths-Mission-Multiplication</p>
<p>Maths task</p> 	<p><u>Addition - using the column method</u></p> <p>In school we have been using the pictorial method to add numbers (that is where we draw them pictures of the hundreds, tens and units so we can remember what each number is worth).</p> <p>Watch the videos we have made (stored on Google Classrooms, in the Classwork section, at the top) and have a go at answering the questions.</p> <p>Then, try these in your red book or on paper. Try the level which is best for you. Remember to lay it out correctly and include your HTU labels above your columns.</p> <p>Level 1 $23 + 34 =$ $43 + 22 =$ $64 + 13 =$ $74 + 18 =$ $56 + 37 =$</p> <p>Level 2 $123 + 34 =$ $234 + 25 =$ $134 + 37 =$ $126 + 46 =$ $264 + 128 =$</p> <p>Level 3 $246 + 123 =$ $462 + 312 =$ $346 + 218 =$ $267 + 136 =$ $726 + 155 =$</p> <p>Challenge $176 + 253 =$ $372 + 248 =$ $562 + 274 =$</p> <p>Super Sonic Challenge $189 + 233 =$ $455 + 357 =$ $642 + 289 =$</p>
<u>Other</u>	
<p>Subject 1: Topic</p> 	<p>Our new topic is the Romans!!! They were a powerful and intelligent nation. Watch the video and show what you have learnt about the Romans by making a fact poster, mini leaflet, mini book or even a TV program.</p> <p>https://www.youtube.com/watch?v=b9bcohqstGk&safe=true</p> <p>We look forward to seeing what you have learnt.</p>
<p>Subject 2: Design Technology</p>	<p>Think back to the balanced diet sandwich we asked you to design before half</p>

term. We would now like you to think about how you are going to make your sandwich. Will you cut your sandwich first before you have added your filling? Why not? Have a look at the Food Preparation poster and then have a go at completing the sheet and you should end up with a set of instructions on how to make your sandwich.

Next week, we would like you to have a go at making your sandwich if possible, so please ask your parents/carers to add anything you might need to your weekly shopping list.

PE

The **Virtual Sussex School Games** launched five weeks ago but there is still plenty of time to get involved. We would like to see as many of you as possible representing the school from home (there are prizes for individuals and schools!!!). Get your grown-ups involved too as there is an active adult competition as well!

Check out the opening ceremony at

<https://www.youtube.com/watch?v=DJOnsyR183o&safe=true>

Go to <https://www.activesussex.org/virtual/> for all the videos and information. This

week is **Netball and Basketball** but you could use any type of ball to try out your skills!

Google Classroom

Visit Google Classroom and listen to the final part of chapter 2 read by Mrs Keates. How would you be feeling if you were Hogarth? Would this be a good place to end the story? Leave any comments of your thoughts below the video.

Your next learning will be on Thursday.

Take care everyone x

Addition: Column Method

<p>1</p> $\begin{array}{r} 453 \\ +348 \\ \hline \end{array}$	<p>2</p> $\begin{array}{r} 453 \\ +348 \\ \hline 1 \end{array}$	<p>3</p> $\begin{array}{r} 453 \\ +348 \\ \hline 1 \\ \hline \end{array}$
Place the numbers one on top of the other, lining up the hundreds, tens and ones.	Add the ones and write the answer	Regroup any tens under the tens column.
<p>4</p> $\begin{array}{r} 453 \\ +348 \\ \hline 01 \\ \hline \end{array}$	<p>5</p> $\begin{array}{r} 453 \\ +348 \\ \hline 801 \\ \hline \end{array}$	<p>6</p> $\begin{array}{r} 453 \\ +348 \\ \hline 801 \\ \hline 11 \end{array}$
Add the tens including any tens you have regrouped. Regroup any hundreds under the hundreds column.	Add the hundreds including any hundreds you have regrouped.	Check your answer.

Maths Answers

Level 1 - $23 + 34 = 57$ $43 + 22 = 65$ $64 + 13 = 77$ $74 + 18 = 92$ $56 + 37 = 93$

Level 2 - $123 + 34 = 157$ $234 + 25 = 259$ $134 + 37 = 171$ $126 + 46 = 172$ $264 + 128 = 392$

Level 3 - $246 + 123 = 369$ $462 + 312 = 774$ $346 + 218 = 564$ $267 + 136 = 403$ $726 + 155 = 881$

Challenge $176 + 253 = 429$ $372 + 248 = 620$ $562 + 274 = 836$

Super Sonic Challenge $189 + 233 = 422$ $455 + 357 = 812$ $642 + 289 = 931$
