

Welcome to your second instalment of Home Learning for this week. Don't forget to share your work on Google Classroom. We look forward to seeing what you have been up to.

English

Reading

Read the next part of The Iron Man.  
Read your book and write in your reading diary. If you have time, and it is a new book, why not complete another book review. If you email it to your class teacher, it may be sent to Ms Dark, who will then choose some to feature on our website.

Spelling

Today, we would like to you think about what happens when you add the prefix 'anti' to words. What do you already know about words that begin with 'anti'? Can this prefix be added to any word? Have a go at selecting some words that 'anti' can be added to and think about what type of words these are. Write them in your red book in your best joined handwriting and then play hangman with them.

English task

Read the first part of chapter 3 of The Iron Man. The text will be uploaded to Google Classroom - it's quite long so you may want to share the reading with an adult!

In your red book, or on a piece of paper, we would now like you to create some word cards of metal items that the iron man might find in the scrap metal yard and like to eat. You could even make some word cards with these items on (see picture below). Try to think of about 15 different metal items.

Maths

Mental maths

Play times table rock star  
OR Marlon's Magical Maths Mission, an awesome platform game which tests your multiplication knowledge. <https://mathsframe.co.uk>

Maths task

**Addition - using the column method**  
We hope you have been solving addition questions and felt happy with our new method of column addition. Watch any of the videos that you wish again to remind you (available on Goggle Classroom, classroom assignments).  
Then try ONE of the sheets or activities by using either the pictorial method or the column addition method. Choose the level which you feel confident with. If you are using a sheet, look at the sheet on the screen and write them in your book to save you printing.

$$\begin{array}{r}
 6 \quad 453 \\
 +348 \\
 \hline
 801 \\
 11
 \end{array}$$

- Level 1 - add 2 digit numbers (see questions at the bottom of this sheet)
  - Level 2 - add 2 and 3 digit numbers with no carrying sheet
  - Level 3 - add 2 and 3 digit numbers with carrying sheet
  - Level 4 - add 3 digit numbers with no carrying sheet
  - Level 5 - add 3 digit numbers with carrying sheet
- REMEMBER - write HTU at the top of your number sentence and ALWAYS start with units number.

## Other

### Subject 1: Science

This half term we are thinking about plants and their uses. This week we are focusing on plants you can eat. Chat to someone at home or write a list of plants that you can eat (think about vegetables and fruits as well as wheat, corn and grains used to make cereals and bread). Have you eaten any plants yet today? I know lots of you are growing plants, including fruits and vegetables at home. We would love to see some pictures of what you are growing on google classroom.

If you can please also print the sheet titled 'Plants we can eat activity sheet' and have a go at cutting and sticking the pictures. You need to decide which part of the plant you eat for each food - root, leaves or stem.

### Subject 2: Music

Log on to Google classroom and enjoy singing along with Mrs Collins worship songs.

Watch the video clip

<https://www.youtube.com/watch?v=fZKHQTGcO8k&feature=youtu.be&safe=true>

This explains the music (and art) task. You will be drawing patterns to match music you hear. The link to the playlist should appear below the video on the first link but just in case I have added below. Have fun!

Playlist link:

<https://www.youtube.com/playlist>

The **Virtual Sussex School Games** launched five weeks ago but there is still plenty of time to get involved. We would like to see as many of you as possible representing the school from home (there are prizes for individuals and schools!!!). Get your grown-ups involved too as there is an active adult competition as well! Go to <https://www.activesussex.org/virtual/> for all the videos and information. This week's focus is **NETBALL AND BASKETBALL**. Don't forget to upload your scores by 12pm on Friday!

**OR go back and try out some Jump Start Johnny workouts.**

### Google Classroom

Visit Google Classroom and read the first part of Chapter 3 from The Iron Man. The document will be uploaded on Thursday morning ready for you. It is quite long so we have included it as part of your reading for the week.

Your next learning will be on Monday 8<sup>th</sup> June 2020.

Take care everyone x

### Level 1 - add 2 digit numbers

Try these:

$23 + 16 = 39$

$22 + 15 = 37$

$46 + 12 = 58$

$53 + 21 = 74$

$61 + 23 = 84$

If you feel confident, now try these. Remember to carry when the units go over 10!

$18 + 16 = 34$

$26 + 17 = 43$

$28 + 24 = 52$

$32 + 19 = 51$

# Addition: Column Method

1

$$\begin{array}{r} 453 \\ +348 \\ \hline \\ \hline \end{array}$$

Place the numbers one on top of the other, lining up the hundreds, tens and ones.

2

$$\begin{array}{r} 453 \\ +348 \\ \hline \phantom{0}1 \\ \hline \end{array}$$

Add the ones and write the answer

3

$$\begin{array}{r} 453 \\ +348 \\ \hline \phantom{0}1 \\ \hline \phantom{0}1 \end{array}$$

Regroup any tens under the tens column.

4

$$\begin{array}{r} 453 \\ +348 \\ \hline 01 \\ \hline \phantom{0}1 \end{array}$$

Add the tens including any tens you have regrouped. Regroup any hundreds under the hundreds column.

5

$$\begin{array}{r} 453 \\ +348 \\ \hline 801 \\ \hline \phantom{0}1 \end{array}$$

Add the hundreds including any hundreds you have regrouped.

6

$$\begin{array}{r} 453 \\ +348 \\ \hline 801 \\ \hline 11 \end{array}$$

Check your answer.
