

Reading

Summer Reading Bingo - see if you can cross a few more squares off this week.

Today, when you read, remember to pause at full stops but also look carefully to see if you are told how people speak. You might spot words like: *whispered, shouted, yelled, squeaked* and so on.

If you do find any of these words use them to help you read in that way - whisper/shout/yell/squeak!

Maths word problems

[Sing this song to the tune of London's Burning:](#)

Read the problem

Read the problem

Underline

Underline

Write the number sentence

Draw some pretty pictures

Work it out

Write it down

Now you have had a practice at adding and subtracting two 2-digit numbers, it's time to try to solve some word problems. Remember what we do in school to help us:

* **read the question** very carefully;

* **underline the words** that will help you decide which type of question it is (addition or subtraction) **and the numbers** you need to use,

* **write down the number sentence(s)** you need,

* **draw any pictures** (e.g. sausages and peas)

* **work it out** (using the pictures and your mental strategies)

* **write down the answer.**

Watch the video by Mrs. Edwards who will remind you of the song we sing to remember what to do and help you record your answers. Choose the sheet that suits you best. Do it all if you want to!

English / Topic

Watch the video on SeeSaw of Mr Carton reading this sequel story about the Rainbow Fish:

Rainbow Fish Discovers the Deep Sea

In this story we meet lots of weird creatures that really do live in the deepest parts of the ocean:

firefly squid glowing jellyfish siphonophore
sea slug dumbo octopus lantern fish

Choose one of these weird deep-sea creatures. Can you research about it online and write down a couple of fascinating facts?

Art

Watch the video on Seesaw to see how you are going to create a wave pattern today.

PSHE

- Have you thought more about your feelings this week?
- Have you used your chart to help you deal with any difficult feelings?
- Which has been your favourite or best one?
