

Thursday 4th June

This half term our topic is **Sail the Seven Seas!**

We'll be learning about the world's oceans and some famous people who have sailed across them.

Reading/Topic

Have you heard of **Christopher Columbus**? Do you know what he did? Read this fact page and watch the videos all about this famous **explorer**:

www.bbc.co.uk/bitesize/topics/zhpchbk/articles/znchkmn

Can you write down three facts that you have learnt about **Christopher Columbus**? For example: *Why did he set sail? What did he discover? What did he bring back with him?*

English

See if you can unscramble these words (they are words you have learnt recently!)

Befutial

Culod

Wluod

Suhold

Can you put each one in an interesting sentence, spelling them properly, **without** looking?

Maths

This activity is also explained on Seesaw: **'Measuring length part 4'**

Have a look at the picture of the Willow cuddlies in height order.

Find 5 of your own cuddlies or toys. Put them in **height order** just by looking and comparing, no measuring yet!

Can you **estimate how tall you think each one is**? Write your estimates down in your book or you could stick labels on, like the photo.

Now **carefully measure** each toy **to the nearest cm** with your ruler or tape measure and see how close your estimates were.

Faith and Wonder

On Tuesday we thought about the story of Noah's Ark and Hope.

Today can you draw the word HOPE in big letters and draw all the things around it that give you hope? It might be things like:

- * the sun rising every morning
- * birds singing and flying
- * flowers blooming
- * your dog always being pleased to see you

...things that give you hope that we will get back to normal, even though life is a bit different at the moment!

This song might inspire you:

www.youtube.com/watch?v=wYCPWbIDKok&safe=true

or this:

www.youtube.com/watch?v=A3yCcXgbKrE&safe=true

PE

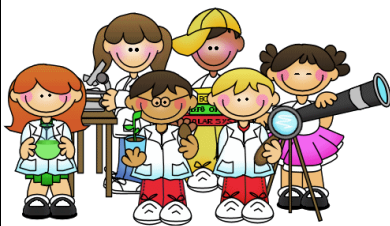

Time to put on another HOPE filled song and have a good boogie!

www.youtube.com/watch?v=V6QhAZckY8w&safe=true

Challenge - Can you make up your own dance moves and practise them till you are brilliant?

Science

Keep working on your poster.

Watch the short video of the life cycle of the large white butterfly.

www.youtube.com/watch?v=l2SApdV210k&safe=true

Can you remember 3 things about the butterfly?
