Love and Aspire.

What does a PTA do?

- Make a Difference** – Help raise funds that directly benefit our children and school.
- Create Memories** – Be part of organising fun events that children will always remember.
- Have Your Say** – Share ideas and contribute to shaping school life.
- Build Community** – Meet other parents, make friends, and feel more connected to the community.
- Support Learning** – Provide opportunities that enrich every child's education!

Commitment to the PTA does not and should not take over your life!

Everybody is welcome – no special skills are needed, just a willingness to get involved!

Whether you have a little time or a lot, every helping hand makes a big difference – come along, get involved, and help us make our school even better for our children and community!

If you're interested, please leave your contact details with us today so we can be in touch about our next PTA meeting.
